

THE EUROPEAN HUB FOR THE HOLLOW & CONTAINER GLASS MARKET

Join us in Lyon for the biennial Glassman Europe event focusing on this important regional market for hollow and container glass manufacturers. This regular, popular event gathers together leading suppliers to demonstrate their latest innovation, products and services.

Glassman Europe is supported by FEVE and regularly hosts a number of fringe events including FEVE policy meetings and the Future Glass Forum which focuses on applying Industry 4.0 to the Glass Industry.

The Glassman Conference will also address the latest trends in glassmaking with high-level speakers creating a compelling reason for the highest level of decision makers within the industry to attend.

In 2017, there were over 800 attendees from 25 countries, including representatives from O-I, Verallia and Ardagh. The press coverage from the event included a wide range of articles in national and regional business media.

A GROWING AUDIENCE:

“We clearly saw a difference in between the 2015 and 2017 regarding the profile of visitors. Glassman Europe now attracts international customers.”

**Philippe Thiel,
Siemens AG**
